Town Clerk,

Tel Aviv Municipality.

Sir,

Subject:- Complaints by the inhabitants of
Tel Aviv quarters bordering with Arab
Quarters of Jaffa.

I have already received a similar petition to that which was enclosed in your above quoted letter. As the action complained of comes from the Jaffa border I have referred the correspondence to the District Officer Tel Aviv and also to the Deputy District Superintendent of Police Jaffa.

The situation described by the inhabitants is not, however, borne out by facts.

The whole area in question is strongly patrolled by Police by day and by night. During the last three months the only cases reported to the Police from the Shechunat Aharon Quarter were

- a). a breach of the peace and
- b). a cycle theft.

It is true that a lot of animal transport passes up and down this street but the Police cannot prevent this as it constitutes a legitimate means of livelihood of the inhabitants. It is also true that the streets are dirty and are not well paved in certain places, but this is not a Police concern.

Actually the state of public security in the Shechunat Aharon Quarter at the present time has never been better and there are more Police in the area today than there ever has been.

If inter racial disturbances break out adequate precautions will of course be taken. I suggest that the whole trouble in Shechunat^{AHARON} Quarter is that many of the Jewish houses are vacant and the landlords and shop keepers are naturally anxious to do everything in their power to encourage people to return to occupy the vacant premises.

I do not consider that the state of public security demands any increase of Police in this area.

I have interviewed Mr. Cohen who is a resident of Ain Ya'acov Street, Tel Aviv. He had no complaint in regard to Public Security in the neighbourhood in which he lives and having pointed out that patrols from Tel Aviv and "enshieh regularly visit the locality, he appeared quite satisfied with Police arrangements.

Sir,

I have the honour to refer to your letter dated the 14th of March, 1937, in which you make certain representations in regard to public security in the Aharon Quarter, Tel Aviv.

The area has again been inspected and there is no doubt that ample and adequate Police patrols operate in the area by day and by night. There would appear, therefore, to be no necessity to establish a new police station in your quarter.

In the event of any legitimate apprehensions, you should report the matter immediately to the Officer in charge at the Central Police Station, Rothschild Boulevard, Tel Aviv.

Sir,

I have the honour to refer to a letter No. B/7/1-3323 of the 25th of February, 1937, addressed by Mr. Dov Hos, the Deputy Mayor, direct to the Deputy District Supt. of Police, Tel Aviv, a copy of which is enclosed for easy reference.

I suggest that the channel of communication on Municipal matters should in all cases be through the District Officer.

43,44
In regard to the general points raised by Mr. Hos, the Deputy District Supt. of Police informs me that in his opinion the matter has regard to the large number of empty houses and shops in Baal Shem Tov Street which cannot be leased. He has already dealt with the matter in a letter addressed to Mr. Hos No. 19/1/TA dated the 3rd December, 1936.

Regarding Tel Aviv control, the Central Police Station provides a double patrol throughout the 24 hours in the area concerned, and the Manshieh Police Station is only some 80 metres from Baal Shem Tov Street.

I forward herewith in original a letter signed by Mr. Dov Hos Deputy Mayor in regard to public security in the Neveh Shalom Quarter, together with letter addressed by the President and Committee Neveh Shalom Quarter to the Municipality .

2. The main part of this correspondence seems to concern the large number of empty houses and shops in Baal Shem Tov Street which can be leased. This would appear to be a concern of the Administration rather than the Police and is a matter which has been brought up several times before.

3. I have no comments to add beyond those already expressed to Mr. Dov Hos in my letter dated 3.12.36 (19/1/TA) a copy of which was forwarded to you. 43-44

הנני מתכבד להעביר בזה לתשומת לבו המיוחדת
את העתק המכתב אשר קבלנו מאת ועד שכונת נוה-שלום
בקשר עם העברת תחנת המסורה מהאזור הזה.

בקורי במקום הוכיחו לי כי אמנם התרוקנו שם
בתים וחנויות ועובדה היא כי מיום שהעתיקו משם את
תחנת המסורה החלה נדידת התושבים מהאזור הזה.

אסיר תודה אהיה לכב' אם יואיל להקדיש לשאלה

לכבוד
הנהלת העיריה

א. ב.

בהודעות קודמות כבר העירונו את תשומת לבכם למצב הבלתי
נורמלי השורר בשכונתנו נוה-שלום, הנובלת עם השכונה הערבית מנשייה,
והננו למנות בזה שוב אל כב' בבקשה ובדרישה כאחת לעזור לנו שהממשלה
תיצנה לבקשתנו ותקבע תחנת משטרה בשכונתנו, ברחוב בעל-שם-טוב.
ליו"כ שכונת נוה-שלום היה ראיון בנדון זה עם קציני משטרה בריסיים,
אולם לדאבונו לא נחמלאה עדיין בקשתנו.

אנו מוכרחים לחזור על דרישתנו ולהדגיש את הדחיות שבשאלה
זו, כי חוסר הבטחון כעת גרם לכך שרבים מבני השכונה עזבו אותה,
ורבות הן כיום הדירות והחבורות בשכונתנו העומדות דיוקת מאין
שוכר, יש לחשוש שחוסר תחנת המשטרה בשכונתנו יהיה אחד הגורמים -
אם בצדק או אם לא בצדק - שהשכונה הזאת, שהיא העתיקה ביותר מבין
השכונות, תמוקן לגמרי מתושביה.

הננו להדגיש שבשכונת נוה-שלום היתה קיימת תחנת משטרה וזו
בוטלה לפני אי אלו שנים; בימי המאורעות סודרה טוב, וכעת בוטלה.
אחד המסוקים לבטולה של תחנה זו היא שהיות ובמרחק של רק 200 מטר
משכונתנו נמצאת תחנת מנשייה, שוב אין צורך בתחנה מיוחדת בשכונתנו.
אולם לא בוכל להשלים עם רעיון זה כי בכל מקרה של צורך נהיה תלויים
בתחנת-המשטרה הזאת הנמצאת בסביבה ערבית, שבימים כהקרים אי אפשר
לדרוש זאת מאת תושבי נוה-שלום, וביחוד לא בימים אלה שמצב הדירות
בין התושבים הערבים עודנו מתוח למדי.

על פי בקשתנו בקרו גם חברי הנהלת העיריה בשכונת כסא טעמים
וגוכחו מצדק דברינו וראו את רכוי הדירות והחבורות הדיקות, אשר נעזבו
על-ידי שוכריהן בגלל חוסר שמירה מתאימה במקום, והננו לבקש את כב'
כי תשימו לב לבקשתנו הצודקת ותואילו למעול אצל הממשלה כי תחזיר
לשכונתנו את תחנת המשטרה שהיא צורך חיוני לה.

הננו תקווה כי התחילו מיד בפעולה וכי תצליחו במאמציהם,
לטובת שכונתנו אשר יורדה פלאים מאז המאורעות.

Sir,

With reference to your letter dated 27.11.36,
enclosing a copy of a letter dated 13.11.36, from the
Committee of the Neve Shalom Quarter.

I have the honour to inform you that Neve Shalom
Post was occupied by Police as a temporary measure
during the disturbances, and that such a post did not
exist before the disturbances.

Bal Ghen Tov Street, which the Neve Shalom
Committee appear to consider as having insufficient
Police protection, is in fact situated only some eighty
metres from the Manshieh Police Station and I do not
consider the present situation demands the re-establishment
of a special Police Post in this street. The Apak
Police Station is also only eight hundred metres away and
during the last three months very little theft has taken
place within Tel Aviv Border covering a part of Bal Ghen
Tov Street.

I am passing a copy of your letter to the District
Officer Tel Aviv and also one to the Assistant Superinten-
dent of Police Jaffa Urban Division who may have some further
comments to make on the subject.

In conclusion I would add that the President of
the Committee of Neve Shalom Quarter describes a

situation which does not in actual fact prevail and
in this connection I would say that during the recent
disturbances no Jew lost his life in Bal Shem Tov Street.

To. Dov. Hos,

President of Vigilant Committee.

On behalf of the committee I beg to submit the following:-

Whereas in our quarter there are a large number of empty houses and shops which have been closed since the disturbances a large number of residents refusing to return to their houses as they have not forgotten the dangers of the previous riots and the few residents on the Jaffa -Tel Aviv boundary having become more frightened with the removal of the post situated at the termination of Bal Shem Tov Street which resulted in a number of residents deserting the quarter, I have been approached by a number of persons to petition to the authorities concerned for more adequate protection in our quarter by the opening of a permanent post in Bal Shem Tov Street as in previous years.

In this period when the situation calls for anxiety and the vigilance is considered to be lacking we are adamant on our request for the opening of a permanent station/post in our quarter which would calm the residents and enable them to return to their residences and shops.

We want to be assured that our justified demand will receive attention and the project will be carried out at the earliest.

We would be glad if you will pay us a visit and convince yourself that our demands are justified.

Minutes of meeting held on the Chief
Secretary's Office on Tuesday, the 41th
August, to discuss question of relief
and compensation in Jaffa and Tel Aviv.

Present : Chief Secretary.
Attorney General.
District Commissioner,
Southern District.
Mr. V. Kenniff, representing
Department of Public Works.
Mr. M.C. Bennett, representing
Commissioner for Lands and Surveys.
Government Welfare Inspector.
Mr. Hurock.

(a) Tel Aviv Refugees.

(i) The District Commissioner stated that two of the northernmost streets in the Manshiya Quarter which formed a re-entrant angle in Tel Aviv had already been re-occupied by the Jewish tenants and the next two streets southwards might now be similarly re-occupied with safety, given due protection by British Police. The Jewish authorities said that in these two additional streets 200 families comprising 960 souls could be accommodated.

The Committee recommended that this further move should be carried out.

(ii) The Committee recommended that to each of 440 other refugee families a one-time grant of £2 5 should be given for the purpose of rehabilitation and re-accommodation, subject to assurances that these grants would be properly disbursed. The sum total of the grants would be paid over to the Jewish Committee concerned presided over by Miss Henrietta Szold of the Vaad Leumi and that Committee would be responsible for its distribution and application.

The Committee noted with satisfaction that some of these families were to be sent to the neighbouring settlements.

(iii) The Jewish authorities recommended that the balance of 424 refugee families should be maintained for a period of three months at a cost of 40 mils per day per person to which Government would contribute one half on the understanding that at the end of that period housing would be available for them under a scheme at present in preparation by the Jewish authorities. The Committee felt some doubt as to the provision of housing, even if that could be relied upon, solving the economic distress of the refugee families concerned. The Committee preferred that rehabilitation should be aimed at and accordingly recommended that these families should be given daily relief of 40 mils per person for one month only and at the end of that period if the experiment of the one-time grant of £2 5 for rehabilitation under paragraph (a)(ii) were found to be successful, it should be applied also to these 424 families or at least to some of them. The Committee further recommended that the practicability of this variant of the proposal of the Jewish authorities should be discussed in the first instance by the Treasurer and the Government Welfare Inspector with Miss Szold.

It is to be understood that the foregoing three recommendations of the Committee in regard to Jewish refugees at Tel Aviv are conditional on the pledge of the Jewish authorities that no further demands will be made upon Government for financial assistance for those refugees if the proposals are adopted.

b) Jaffa landlords and tenants affected by demolitions.

The District Commissioner reported that 280 houses had been demolished involving 473 units, say 500 families. Nearly all the 6000 occupants of the affected area had originally left their homes. About 1000 had now returned, others had gone to Lydda and elsewhere and there were, in the opinion of the Welfare Inspector, some 5000 people requiring Government attention.

The Committee recommended that in the first place a survey should be carried out of the affected area by an officer of the Department of Public Works assisted, if necessary, by an engineer of the Municipality, to determine how many houses were habitable, how many could be made by repair to be habitable, how many were too dangerous to be lived in again and would have to be completely pulled down. It was understood that much of this information could not be finally obtained until all the debris had been removed; but it would be possible to publish periodical lists of houses which might safely be reoccupied.

The Committee recommended that compensation in respect of the value of their property should be given to the owners of houses that had been demolished on the basis of Urban Property Tax assessments, as decided by the High Commissioner in Executive Council on the suggestion of the District Commissioner as presented by the Treasurer. The Committee further recommended that owners should in due course be given compensation in respect of the value of the site on which those houses stood, if and when those sites were expropriated by the Municipality, (which would be responsible for paying compensation) in whole or in part for the purpose of building a road, in accordance with the provisions of the law determining the compensation payable for land taken for the purpose of construction of roads. In this connection sight would not be lost of any counter-claim against owners for betterment under the Town Planning Ordinance.

The Committee also recommended that compensation should be paid to owners for damage done to their property on the basis of the valuation to be made by the officer of the Department of Public Works in the course of his survey.

The Committee recommended that tenants should be compensated in respect of furniture destroyed or damaged during demolitions and clothing and equipment, subject to assessment of loss or damage by a Board of Valuation, on the understanding that no claims will be entertained in respect of loss of money or jewelry or similar articles which the owners might reasonably have been expected to take away without difficulty before the demolitions occurred.

The Committee recommended that Government should not concern itself with claims by tenants for recovery of rent paid in advance; and further that no attempt should be made by Government to make deductions from compensation payable to landlords in order to compensate tenants on that account.

It was understood that payment of compensation to landlords for destruction of their property or for repairs and to tenants for loss of furniture, clothing and equipment would be regulated statutorily by Rules under the Emergency Regulations.

The Committee further recommended that every tenant or occupying landlord who was compelled to quit his premises owing to the demolitions should be given an ex gratia sum on account of disturbance which would be LP 5 in the case of those whose houses had been destroyed, and LP 1,500 in the case of those who were warned to quit their houses for a time and who could now return to them.

The Committee further recommended that all persons rendered homeless by the demolitions should be given by Government subsistence in kind, namely milk, vegetables, olives, etc., distributed by the Department of Health; the Director of Medical Services should place himself in early communication with the District Commissioner to ascertain how many people were entitled to such relief and what would be the daily cost. This relief would be given for a month in the first instance.

(Note by Mr. Nurock.

I informed Dr. Lightbody of this in the afternoon and he undertook to arrange with Dr. Harkness for immediate action: he understood fully the necessity of providing against any abuse of the relief to be provided).

The housing of the homeless Arabs would be arranged in the Manshiya Quarter, in the Old City (the area affected by the demolitions) in so far as that was declared to be habitable, and in other parts of Jaffa which Jews had vacated. Any persons not provided for thereafter (the District Commissioner thought there would be few or none) would be accommodated on Government land in hutments like those which had been erected in the Detention Camp at Sarafand. Assuming a maximum of 500 persons so to be accommodated, the Committee recommended that Mr. Bennett should take steps to select a suitable site, something exceeding ten dunums, so that if the need arose, steps might be taken to construct thereon temporary hutments as indicated. The site should be chosen in reasonable vicinity to Jaffa.

As for these homeless Arabs who were to return to the Manshiya, the Committee recommended that it should be made known to them that any person desiring to occupy a house in the Manshiya or elsewhere which had been vacated by Jews should apply to the Arab District Officer concerned who would then form a clearing house with the Jewish District Officer of Tel Aviv for the transfer of unexpired tenancies from Jews to Arabs on terms to be agreed.

The Committee recommended that Government should not take any cognizance of any amount thus received by Jewish refugees in Tel Aviv over and above the one-time grant of LP 5 for disturbance to homeless Arabs in Jaffa should not be paid out except against proof of tenancy arranged.

(c) As regard payment for-repairs to owners of damaged property, the Committee recommended that Government should not itself undertake to carry out the repairs but should hand over to the owners such amount as the Department of Public Works estimated to be required for the purpose; but the Committee further recommended that no such payment should be effected until the new Town Plan for the area in question had been settled and it was quite certain that no further demolitions were required. Otherwise an owner might make good the damages only to find himself obliged to pull down the building in a short while and would thus be entitled to claim compensation a second time.

The Committee recommended that all claims from Government officers for loss of property during searches of their houses carried out by the Police or military and allegedly due to looting should be reserved for consideration on the restoration of order. Payment now in individual cases, however hard, might prejudice the position of Government. It was contemplated that eventually Government would find it necessary to pay compensation ex gratia on a considerably reduced scale as compared with actual claims.

At this stage the Committee waited upon the High Commissioner who confirmed its recommendations, subject to the following amendments :-

- (i) It was decided in principle that one block and a street at least should be left unoccupied between those sections of Manshiya which were in Jewish and in Arab occupation respectively and that any Arab occupier on the Jewish side would have to be expropriated and transferred to the Arab side. It was estimated very roughly that this reservation might cost LP 7,000.
- (ii) Miss Szold should be given the opportunity at the proposed meeting with the Treasurer and the Government Welfare Inspector, of deciding whether she should prefer to take the entire Government subvention at once and do with it as she pleased, leaving Government entirely free, rather than be committed to the payment of relief even for a month to 424 families. Miss Szold should also be asked whether she would agree to the payment of the onetime grant of LP 5 in appropriate cases being conditional on the waiver by the Jewish recipient of any claims he might have in respect of tenancy in the Manshiya Quarter which was within the area to be reoccupied by Arabs. It was agreed that the alternative method of allowing Arabs to occupy houses in the Manshiya Quarter which had been vacated by Jews without permission of the previous tenants would lead to endless claims hereafter and many cases in Court involving Government.
- (iii) The grant of relief in kind to homeless Arabs in Jaffa should begin with the least delay and in addition a grant should be given to start with representing the cash value of relief from four days to a week, in consideration of the fact that so far Government had only granted to these persons one week's relief since they had become homeless.
- (iv) It was decided that if a road were built along the line of demolitions, it should be provided with a proper under surface drainage so that avoidable trouble and expense should not be involved later in pulling up the road for that purpose. It should therefore be ascertained what was the route of the proposed main drain, if any, in that area so that it might be laid before the road was constructed.
- (v) It was decided that further consideration should be given by the Committee recently set up by the High Commissioner in Executive Council, to the question of expropriation by the Municipality of the property and land fronting and adjoining the line of demolitions in order that the Municipality might, under a proper scheme of development of that larger expropriated area, recover its expenditure on expropriating the actual

line of demolitions. What was required from the Committee was an authoritative statement as to the part, if any, of the road alignment which it would be desirable and profitable for the Municipality to acquire in addition to the line of that road itself; if so which part; and what cost would be involved.

Mr. Rokach proposes that the area of the Jaffa salient to which the refugees now in Tel Aviv may be permitted to return should be bounded by a line running from Kalisher Street on the east to Daniel Street on the west.

He suggests that a meeting to discuss the matter should be arranged of representatives of the District Administration and the Police.

The matter, of course, is one entirely of public security and I consider that at this stage the proposed return area is too large. The new Police station formerly at Daniel Street is now at Ezra Street and it seems to me that for the time being the southern ^{boundary} ~~re-occupied~~ area should be from a line just north of Nehemia Street on the west to the point just south of Rabinovitz Street on the east.

Sir,

I have to acknowledge receipt of your letter dated 20.7.36, and to inform you that the contents are being communicated to the District Superintendent of Police Southern District.

With regard to the incident on the night of the 15.7.36, as you have doubtless already observed, two search lights and a Lewis gun now cover the area from whence the firing came. The shots were fired from the right bank of the Yarkon from some distance away and no casualties occurred.

With regard to the report of the Ghaffir of the Tel Aviv Abbatoir which you have forwarded, I would say that patrols from Sarona immediately responded as soon as the outbreak of firing took place and due to some unauthorized firing on the part of unknown persons on the Tel Aviv boundary, the patrols, I am informed, narrowly missed receiving casualties. This Ghaffir fired his shot gun at random on the night in question and put through several calls to the Police which were quite unnecessary. I do not consider him as a suitable person to be armed with a rifle. Fortunately, I myself, was in the vicinity at the time the firing broke out and have full knowledge of exactly what occurred.

May I draw your attention to the contents of the Inspector General's letter, imparted to you under cover my

24/4/TA dated 20.7.36, which supply answers to the questions you have raised in your letter under reference.

I think that in future a more correct procedure would be for you to address letters of the nature under reference direct to the District Officer Tel Aviv, which procedure, is followed elsewhere in Palestine.

District Commissioner,
Southern District,

Dear Sir,

As you are no doubt aware the Slaughter House is situated on the North-Eastern boundary of the town near Orange-Groves. Besides the great amount of property found in this House i.e. Water Station, machines, stores etc., there are kept hundreds of cows in the Slaughter Yard and in cow sheds all ready for slaughter.

You are also aware of the shots which are taking place near that spot and therefore the question of guarding this place worries us a lot.

There is, however, a guard at present on the spot in the name of Mr. Abraham Bass approved by Government as Ghaffir But from past experience we know that the attackers are armed with military rifles and it would be impossible to leave that guard without any suitable weapons.

We would therefore request you to kindly arrange that the above Ghaffir appointed to guard the Slaughter-House and its property should be armed with weapons i.e. a military rifle.

Hoping that you will give your kind and early consideration to this matter and grant our request at the earliest.

Yours faithfully,

ה נ ד ו ן : רחוב נוה שלום, יפו

א. נ.

הרחוב הנ"ל הוא אזור יהודי במאה אחוז. לרגלי המצב הפרוע ביפו הוכרז לאזור ניטרלי. לפי הידיעות שקבלנו ממרכז הסוחרים הזעירים, השמירה הקיימת שם אינה מספיקה בהחלט, ויחס השוטרים ליהודים הוא מתמיה ובלתי הוגן. כן אין היהודים יכולים לפתוח חנויותיהם באזור הנ"ל כי למעשה, הערבים מתפרצים לצד שכונות היהודים באין מפריע וכאשר נגש היהודי לרכושו הנמצא במקום המותר השוטרים והפרחחים מגרשים ומעליבים אותו.

רצוף העתקה מתזכיר שקבלנו בענין זה, המפרט את העובדות.

הרינו מבקשים איפוא את כב' לעיין במצב זה ולסדר :

- א. העברת האזור הניטרלי מרחוב נוה שלום הנ"ל לרחוב חסן-ביק המקביל.
- ב. להורות למשטרה שהשמירה במקום הנ"ל תהיה מסודרת, ומסורה לשוטרים יהודים או בריטיים.
- ג. לאפשר ליהודים באזור הנ"ל לפתוח חנויותיהם ולהבטיח שלא יאונה להם רעה בעקב זה.

לתשובת כב' הרינו מחכים והותמים

בכבוד רב,

ועד הקהלה העברית של יפו ותל-אביב

הודעה הזמני לסוחרים יפוז נוח-שלום והסביבה.

לכבוד
הנהלת ועד הקהלה ביפו ות"א,

א. מ. נ.

בקשר עם שיחת כב' מיום 29.4.36, הננו מתבדלים להסב את השומות לבכס המיוחדת לעובדות הבאות הסוכיות על חסר שמירה על החנויות ועל בתי היהודים בשכונות וברחובות ביפו ונוה שלום.

השמירה הקיימת אינה מספיקה בהחלט ויהם השוטרים שעל המקום אל היהודים הוא מחפיר. כידוע נקבע רחוב נוח שלום (רחוב ראשי) בתור אזור נייטלי, אך למעשה הערבים מהפצים לצד שכונות היהודים באין מפריע וכאשר נגש יהודי לצד שטוחו לו ללכת בו מגרשים אותו בהרופים ובגדופים. סבלנותו כבר פקעה ומלבד זה חוששים מאד להתפרצויות ולמקרי אסון וציניים. בכל לילה אנו שומעים דעם פצצות בשכונות שלנו וטובאים ע"י הבתים והחנויות חמרי הצתה.

הננו לציין את העובדות הבאות בתור דוגמאות:

א) מר זינגר, רח' ברנט 24, בתור עד ראיה מספר כי הוא נגש אל רחוב הראשי ונפגש עם הרבה ערבים. השוטרי התורני גרש את היהודים ואת הערבים לא גרש.

ב) מר דניאל לוי, רח' בעש"ט, בתור עד ראיה מספר כי כשנגש אל חנות בגבול החוב הראשי נוח שלום עם עוד יהודים, פגש גרשו אותם השוטרים בהרופים.

ג) מר אברהם ברנט, רח' בעש"ט 2, מספר כי זה כבר הפעם השלישית שמוצאים מחי בנזין ועוד הומה הצתה ע"י ביתו מספר 1, רחוב ברנט, הגובל עם רחוב הראשי, נוח שלום.

ד) מר משה בבצוק, בעל חנות מכלת ברחוב ברנט 9. מספר כי הערבים נגשו באין מפריע מצד השוטרים לחנותו הרחוקה מהגבול כמאה מטרים בו בזמן שהיהודים נגרשים משם.

בהתחשב עם העובדות הנ"ל וכדי לשים קץ למצב הפרוע הזה, הננו דורשים מכב' לפעל אצל השלטונות להעביר את האזור הנייטלי המגביל בינינו לבין הערבים לרחוב חסן-ביק שמקביל לרח' נוח שלום היות ורחוב נוח שלום הנהו אזור יהודי במאה אחוזים ואם ישאירו אותו בתור אזור נייטלי לא יעלה בידי הסוחרים היהודים לפתח את חנויותיהם למשך זמן רב. הננו מקוים שתאחזו הו"מ בצעדים נמרצים כדי להשמיד על השלטונות השפעה מלאה להצלתנו מהמצב הנוכחי. בכבוד רב,

הודעה הזמני לסוחרים יפוז, נוח שלום והסביבה שע"י מרכז הסוחרים הזעירים בתל-אביב ויפו.
